Quick Release Tap Bush with Clutch

Brand: Ober

Product Code: 3826424

Quick Release Tap Bush with Clutch

This part is used for fitting a tap with diameter of 12.5mm and square of 10mm (usually a M16 tap) to the appropriate Bush Chuck so you can utilise the full capacity of your tapper, namely the SUPERGOMAS16 part# 8306032.

This is because the size of the M16 tap is too big for the range of the standard tap holders.
If you have any questions please do not hesitate to contact us.
