

NORGREN 3/4" FILTER/REG KIT c/w gauge

Brand: Norgren

Product Code: B74FR34-A

NORGREN 3/4" FILTER/REG KIT c/w gauge

Norgren 3/4" BSP Professional Filter & Pressure Regulator (FR) Assembly complete with Metal Bowl with liquid level indicator, pressure gauge, automatic drain!

This is a top line product as it comes with metal bowl assemblies on the Filter/Regulator unit, making them far more durable than polymer bowls that have a tendency to crack.
Unit has a massive 212 cfm of flow.

We offer these industrial units at very competitive prices making it easier for you to ensure you get the right pressure and clean filtered air to your tools!

Other options such as safety lock-outs, higher flow units, etc are available contact us for assistance.

Maximum Inlet Pressure 17 Bar
