Brand: **Paoli Pit Stop**

Product Code: **BDEVIL.00008**

3/4" BLUE DEVIL WHEEL GUN RH(70-30 BIAS)

3/4" Drive Paoli Pit Stop Blue Devil Wheel Gun (RH) with 70/30 handed (bias) is the most recent addition to the range, developed for use in Porsche - ALMS championships.

The Blue Devil Wheel nut guns are available in a choice of either left or right handed versions for either side of the car and are colour coded for easier identification. This model number is for the "Red" coloured tool (RH = Right Hand Version), and it loosens nuts tightened anticlockwise faster.

The wheel nut guns have been designed to be smaller, lighter and provide optimum efficiency in comparison with conventional wheel nut guns and are able to tighten or loosen a wheel nut in less than a second. The guns are manufactured to optimum quality standards and have had no reported failures during a race, vital where every second counts in the pitlane.
