CARLIFTER SET (4PCS) POR 992 GT3R

Brand: Krontec

Product Code: CARLIFT-992GT3R

CARLIFTER SET (4PCS) POR 992 GT3R

This is the complete set (of 4) car lifters for the Porsche 992 GT3R Cup Car from 2023 racing vehicles.

Set includes: two front and two rear. Also includes 2 x Air Jack extension collar clamps for the rear car lifters which are required as the rear jacks are inserted further into the vehicle. You need these 2 special clamps that, once fitted, stay fitted to the vehicle, to allow you to use the correct Krontec original carlifters, safety stands and skates, on the rear jacks only.

For this set to fit your vehicle you should have Krontec Air Jacks already fitted from factory. There may be extra letters or numbers after the series model on the air jacks. To ensure you get the right car lifters please advise your model number and serial number off the side of the air jacks at time of enquiry.

Please contact us if you are unsure if this set suits your vehicle so we can ensure that you get what need, right out of the box!
