EziVac Kit Standard

Product Code: EZIVACKIT

EziVac Kit Standard

EziVac - Industrial Wet Vacuum KIT, ONLY REQUIRES Compressed Air!

EziVac is a supercharged industrial wet vacuum that brings ease and efficiency to liquid recovery, transferring liquids, and cleaning up spills in the workplace.

All it takes is a compressed air supply, and you'll turn your standard metal drum into a commercial wet vacuum. Are you tired of calling in liquid vacuum tankers to clean your tanks, parts washers, and pits? With an EziVac Industrial Parts Cleaning System, this expense becomes a thing of the past!

Simple to operate and maintenance-free, the EziVac eliminates the hassle of dealing with liquid spills and saves you money\$\$\$

Specification Details

Compressor Required * 17.5CFM @ 90-100PSI

Flow Rate (Vacuum) 105L/min

Vacuum Lift 2.5M

Flow Rate (Pump) 50L/min

Pumping Head 2M

*Having a compressor that is too small will mean that the EziVac will not perform as expected.

Optional accessories available: Antistatic kits, drum dollies, larger volume manufactured tanks, heavy-duty hose and fittings kits.

ALSO consider the EZIVAC XL for larger capacities.
