1/2" FRL & STAND & 3M HOSE & TYPE A CLA

Product Code: FRL-STND-12-A

1/2" FRL & STAND & 3M HOSE & TYPE A CLA

This is a 1/2" Industrial Filter Regulator (with Auto Drain) & Lubricator unit (FRL) in a solid steel carry frame complete with Type A Claw Couplers, safety pins and a 3 metre outlet whip hose with Type A claw coupler with 1/2" Male BSP thread on end of claw coupler whip hose.

This unit is used by construction, mining, hire and infrastructure companies to ensure correctly regulated, clean, dry and lubricated air is supplied to the equipment it is connected to. Items such as Pneumatic Chain Hoists, winches and large construction and mining equipment would be connected to this KIT. This product reduces risk of damage to tools and equipment on site, whilst also aiding in prolonging the durability and reliability of the items it is connected to.

There are many sizes available from 3/8" through to 1-1/2" with various fittings and attachments to suit your exacting requirements, contact us for assistance.
