SCABBLER - TRIPLE HEAD

Brand: Gatx Product Code: GP-0153S

SCABBLER - TRIPLE HEAD

Industrial Triple Head Scabbler. This is a favourite with hire and construction companies alike. This tool has 3 solid Tungsten Carbide scaling heads for maximum performance, area coverage and durability for demanding applications for surface preparation and removal of top layer or coatings.

It features a simple construction which further adds to its durability and the lever throttle is easy to operate and makes this tool suitable for the various applications our clients use it in.
