3" CUT-OFF TOOL

Product Code: **GP-0516**

3" CUT-OFF TOOL

3" Professional cut-off tool complete with metal safety guard, safety throttle lever and built-in speed regulator for precise control in every application.

This tool can also be fitted with an optional extra silencer assembly (Part# G-15 or G-15B) to further reduce the noise level - an important OH&S issue!
