

RETRACT SAFETY BARRIER TAPE REEL-25MDang

Product Code: **SBRC3212-25**

RETRACT SAFETY BARRIER TAPE REEL-25MDang

This Industrial Retractable Safety Barrier Tape Reel part number has a 25m tape length and is printed with " DANGER DO NOT ENTER" in Black on Gold Yellow (safety yellow) Tape.

This range of safety barrier belt reels can come with multiple tape options, giving you some of the longest lengths on the market. Used for the creation of exclusion zones where safety issues require separation of people from an event or dangerous process. Some examples of areas of use are: loading and unloading of vehicles, entrances to factories, working machinery, spillages or securing unsafe areas. With up to 25M of available heavy duty woven nylon webbing, this reel is on the job no matter what the conditions.

Minimum order quantity of 4pcs and sold in lots of 4 due to special printing requirements.
