

# 6" BUTT INDUSTRIAL TAMPER

Brand: **Toku** Product Code: **T6**

## 6" BUTT INDUSTRIAL TAMPER

This is a quality Japanese manufactured product, made to last! Our sand rammers/tampers are ideal for compacting backfill for trenches and soil around foundations and other structures.

The tool comes with a 5-3/4" (146mm) cast Iron butt as standard, and features a powerful compacting ability in a small portable tool. It has an extended handle to allow the user to reach deep inside certain applications. This is the largest product of the sand rammer/tamper range from TOKU.

We have a full range of sand rammers/tampers for varied applications, including foundry works for mould processing etc, please visit the section on our online catalogue for your product selection.

We offer full technical and spare parts support ensure your investment in our imported products is a wise decision.
