INDUSTRIAL ANTIVIBRATION ROTARY HAMMER

Brand: **Toku**

Product Code: **TH5S**

INDUSTRIAL ANTIVIBRATION ROTARY HAMMER

Industrial Super Duty Anti-Vibration rotary hammer (rock) drill - Made in Japan. This solid and very lightweight tool has a drilling capacity of up to 22mm, and features an all important Anti-Vibration handle - making this tool a compact, lightweight and operator safe product, an excellent OH&S feature!

This tool has forged a name for itself as a very powerful, fast drilling tool which has proven itself over the past years in a wide range of applications such as construction of underground tunnels, mining, bridge work and maintenance applications to name a few. The forward/reverse is simple, solid and easy to use.

We also have currently available an SDSMAX adaptor that further extends the capabilities of this tool (see Associated Accessories).
