TOKU 1,500KG MONORAIL WINCH FRAME + FRL

Product Code: TMWFRL1500

TOKU 1,500KG MONORAIL WINCH FRAME + FRL

1.5t (1500kg) Monorail Winch Frame for Toku TAW1500 Pneumatic (Air) Winch for various Materials Handling (lifting) operations, complete with Safety Upper Limit Stop Device, powder coated in Safety Yellow. Fits Beam width of 76mm-210mm.

This is the Frame and all relevant components(except the winch). Included in this package is a 1" BSP Filter Regulator Lubricator (FRL) on a portable stand to ensure correct pressure, filtration and lubrication is maintained to the winch, and also a 10m Hose assembly fitted with safety clips and claw couplers.

Also includes all parts to bolt your TAW1500 winch to the winch to the frame, hoses and conversion plates are included. You must ensure your TAW1500 winch is fitted with 12mm diameter wire rope.

Minimal assembly is required to make installation on site quick and easy!

The frame features solid protective covers to protect the winch from weather, and thus minimising service costs. Other capacities available.

This product was a result from a client who needed to reduce their ongoing shutdown and maintenance costs, whilst providing a fast, robust and safe solution.

Manufactured, Tested and Certified to AS 4991.

If you require a solution for any application contact us, we are your solutions provider!
