

1/2" WATER SEPARATOR C/W AUTO DRAIN

Product Code: **WSCS002014**

1/2" WATER SEPARATOR C/W AUTO DRAIN

This 1/2" Female port water separator is specially designed based on the proven centrifugal separation to remove up to 99% of the water aerosol in compressed air. Working in conjunction with other compressed air treatment products like filters, after-coolers and dryers, the water separator is a very cost effective way of further enhancing their efficiency by ensuring that bulk water generated in the compressed air is properly separated and discharged from the system.

FEATURES AND ADVANTAGES:

- * Automatic drain system
- * Removes up to 99% bulk water
- * Very low maintenance cost
- * Simple and easy to install
- * Efficient automatic drain
- * Robust aluminium housing

Specifications

Flow Rate	2500 (l/min) 88.29 (cfm) @ 7 (bar)
Weight	1.10 (kg)
